

LABS “L’Albero dei griots” KA1- Youth Exchange

Potenza, Italy 19-27 June 2019

Dear partners, in this document you will find all important information about our youth exchange “L’Albero dei griots” that will be held from 19th of June until 27th of June in Potenza, Italy. Please read the information carefully!

SUMMARY

The tree of the griots is a project of valorization of the multiculturalism and the values that it brings with it: the other, the foreigner, assumes a new and innovative connotation through the language of the art, stripping of the habitus cultural that Western civilization attributes it and becomes the essence of a message and a deep identity, made up of men and women who carry a heritage of humanity and knowledge. The objectives pursued:

- to provide tools, suggestions, ideas, comparisons so that young people can be considered in intercultural dialogue by using art as an instrument of mediation and meeting between cultures;
- allow refugees in our territories to feel an active part of an open, friendly, inclusive community;
- promote and foster among young activities related to art and therapy, to be valued both as a sociorecreational resource, as a professional resource, and as a channel for the community, participatory and spontaneous inclusion of immigrants;
- develop new integration pathways that allow to express one's individuality and talent, educating on the other hand to listen, to dialogue, to respect, to interaction with the other members of the group.

The activities are designed for young people aged between 20 and 25 years. The project creates spaces and moments of active participation of young people, giving rise, to moments of dialogue and meeting in which to tell the experiences of active citizenship of which they are protagonists, to become disseminators of the good practices experienced through the Project. The project enhances the dimension of the meeting between different cultural traditions but, above all, opens before the participants a universe to discover and to grow in terms of artistic and performative activities with a high innovative and inclusive content .
