

10-FINGER TYPING COURSE

BY MATEO

18 January - 29. March, 2023
Andragogical Institute Maribor

The Association EPEKA, Soc. Ent., is organising a series of short lectures on 10-finger typing for children between 9 and 12 years of age at the Andragogical Institute Maribor.

The training will start on 18 January and will take place twice a week for a total of 20 hours.

Participants will work in the following areas:

- Review of basic typing instructions,
- Reviewing suitable websites for typing practice,
- Gaining knowledge of how to use these sites
- Reflecting on tactics and strategies for the future.

The ultimate goal of the training is for children to be able to use the websites available to improve their typing skills in a completely independent way. All of them can be used in Slovenian.

By practising independently, they will gain confidence in themselves and typing is just the beginning of an independent journey of exploration. It may also give them an advantage in life and help them to explore other areas.

The course is also tailored for children with PPPU, whose skills in quick 10-finger typing and organising files on the computer would help them to follow lessons more quickly and efficiently.

Places on the course have already been filled. We will be running the course again in April 2023, for information on how to apply, please keep an eye on our website www.epeka.si or our Facebook page [EPEKA Slovenia](#).

If students would like to participate, we would be particularly happy to work with students from the following fields of study:

- *Marketing, Social Media and Public Relations (Faculty of Economics, University of Ljubljana);*
- *Journalism (Faculty of Social Sciences),*
- *Social Work (Faculty of Social Work),*
- *Pedagogy and andragogy (Faculty of Arts, University of Ljubljana),*
- *Psychology (Faculty of Arts, University of Ljubljana)*
