# CATCHING UP WITH DIGITAL SPACE – SEMINAR

BY MATEO

6 – 11 March, 2023  
Brno, Czech Republic

**M**embers of the Association EPEKA, Soc. Ent., took part in a seminar to adapt the working methods and tools and to fine-tune them into the final version.

Older people are a very vulnerable and neglected social group in terms of media literacy, resistance to misinformation and digital competences. This consequently threatens the democratic development of our society, so with this project we aim to increase the capacity of the organisations involved and empower our staff working with the elderly with new skills and methodologies for approaching the elderly in order to increase their media literacy and digital competences.

The project is coordinated by Cesta rozvoje, z.s. (CZ), and the partners are Epeka Association (SI) and FUNDACJA EUROPEJSKI INSTYTUT OUTSOURCINGU (PL).

The project is funded by the Erasmus+ programme of the European Union.
