BY AS

18 April, 2023  
Cineplexx, Celje

The Association EPEKA, Soc. Ent., in the framework of the **EU Youth Cinema: Green Deal** project, is organising a screening of films in Celje.

**EU Youth Cinema: Green Deal** is an innovative project dedicated to a sustainable Europe, presenting the European Union's **green objectives** in a film context. The project contributes to the appreciation and understanding of the **EU Green Deal** among young viewers and provides a platform for a multicultural approach to the Green Agenda. The project engages young audiences in particular, addressing environmental challenges and promoting green activities and lifestyles.

The project will offer young people and teachers a programme of film and educational activities over a period of 24 months. The film screenings and streaming content will be accompanied by didactic material and thematically linked discussions, workshops and lectures.

The programme is based on a carefully selected film collection of 25 European films, which will be presented both in cinemas and via an online streaming platform between May 2022 and May 2024.

The project is implemented in Slovenia, Austria, Croatia, North Macedonia and Romania. All films will be subtitled in local languages and are suitable for young people aged 10 and over.

#### Information about the films:

Agbogbloshie in Accra is the world's largest electronic waste dump. About 6,000 women, men and children live and work here. They call it "Sodom". Every year, around 250,000 tonnes of discarded computers, smartphones, air conditioners and other devices from the far-flung digital and electrical world end up here. Illegal. Their inner voices give us a deep insight into life here.
